

MERIDIAN
HEALTHCARE

Here to provide *care*,
support, and *hope*
when you need it most.

We are a team of community-based professionals who provide individualized ongoing care to those who struggle with mental health challenges. Our multidisciplinary team of compassionate experts includes peer and vocational specialists, psychiatric nurse practitioners, nurses, behavioral health clinicians, and care coordinators.

FACT Program

Florida Assertive Community Treatment

About FACT

- Services a multidisciplinary program providing intensive, community-based treatment and support services to adults facing serious emotional well-being challenges/conditions.
- We meet clients where they are to offer services, in home, at work or in other settings where they need support.
- We also help clients find housing, apply for food stamps, go back to school, get a job, and so much more.
- We help clients live independently, build a stronger support network, and successfully manage health and wellness.

FACT can help clients if they have any of the following:

- Frequent or lengthy admissions to a psychiatric hospital
- Repeated involvement in the criminal justice system due to emotional well-being challenges
- Symptoms that significantly affect the ability to function daily in the community
- Difficulty taking care of basic needs due to emotional well-being challenges
